

There must be a good reason why the coffee lovers of America buy millions of pounds of ARBUCKLES' COFFEE in preference to any other kind. The reason is found in its rich drinking qualities; in its permanent goodness. The quality never changes. Whether you buy it of a big coffee dealer or at a little grocery store around the corner, you get the same coffee, the same goodness, the same value for your money. You can't be deceived if you buy

ARBUCKLES' Roasted Coffee

It is prepared by an individual firm who value their reputation too highly to endanger it by lowering the standard of their coffee. It is hermetically sealed and put up in packages by people of many years experience and utmost reliability. It is not ground because ground coffee loses two-thirds of its flavor before reaching the consumer. It is not sold in bulk because of the possibilities of adulteration. It is not sold at a high price because it is better to sell millions of pounds of coffee at a small profit than hundreds of pounds at a large profit.

Every package of Arbuckles' Roasted Coffee contains information about many valuable articles that the consumer is entitled to receive.

Ask your grocer for Arbuckles' Roasted Coffee.

What means this strange excitement,
This thronging of road and lane,
This hunting up of curry comb,
This plaiting of tail and mane?

What it means is this, kind stranger—
Ye who wonderingly gaze up and down—
It's a beautiful day in Kansas
And the horse buyers are in town.

A Brilliant Wedding.

On Tuesday evening of this week one of the prettiest weddings ever performed in Kinsley was solemnized at the home of Dr. and Mrs. Clarence Mosher, in the presence of a large company of invited guests.

The contracting parties were Mr. Harry Smith and Miss Grace Bishop, both of this place.

The home was beautifully decorated for the occasion and at the appointed time Mrs. Piburn played the wedding march. The happy couple, preceded by Rev. A. W. Cummings, took their places under a beautiful floral horseshoe, where a very pleasing ceremony united for life these young hearts.

After receiving the congratulations of the guests present, the company repaired to the spacious dining room at the Alamo hotel, which had been tastefully decorated for the occasion, where a splendid banquet was enjoyed by all. Four tables were loaded with substantial food, as well as tempting delicacies sufficient to satisfy the most fastidious.

Many useful and beautiful presents were received from admiring friends. Altogether it was one of the most pleasant of pleasant weddings.

Mr. Smith is well known to the people here, and has a host of friends, who wish him only happiness in his new relation in life.

Miss Bishop is the eldest daughter of Mr. and Mrs. Jack Bishop, of this county, and is a young woman whose charms of character have won for her many warm friends during the few years she has lived here. Mr. Smith is to be congratulated on securing such a charming lady to grace his home.

May unmingled happiness attend them on their journey.

Presentation to Dr. Hodson.

Presiding Elder Hodson preached at the Methodist church Saturday evening and Sunday morning, administering the sacrament Sunday morning. This being Dr. Hodson's last visit in an official capacity, a little surprise had been planned for him, so after the sermon Saturday evening those who so desired passed over to the parsonage to spend a short time together. To say Dr. Hodson was surprised would be putting it mildly, but he soon recovered himself and became one of the party. After the doctor had recovered from his surprise Rev. A. W. Cummings made a short talk, in which he said it was customary to present friends or heroes tokens of respect and remembrance. That Dewey, Schley, Sampson and Fennston had each been presented with a sword, but as a token of love and respect the doctor's friends wished to present him with an article mightier than the sword—a (fountain) pen. Dr. Hodson responded in a few well-chosen words, expressing his thanks not only for the present, but the sentiment it expressed. The doctor said in twelve years he had not received a present of this kind, and he had often wondered if he could survive receiving one, but he had no fears now. The evening was spent in a good, social time—music and social chat—and will remain long in the memory of all present. Dr. Hodson has been coming to Kinsley for six years, and has made many warm friends, who are sorry to lose him in his official capacity. And the memory of Dr. Hodson will remain long with the people of Kinsley.

Carlos Schnatterly and Frank Lip-poidt went to Winfield Monday to begin work in the college.
